EDUCATION

Amrutvahini College of Engineering

2021 – 2025

BE - Computer Engineering - CGPA - 8.8

Sangamner, India

Courses : Data Structures, Machine Learning, Artificial Intelligence, Computer Networks and Security, Operating System, DBMS, Data Science, Web Technology

KBP College

2020 – 2021

HSC - Science - Percentage - 79.3%

Pandharpur, India

TECHNICAL SKILLS

Languages: C++, Python, Java, JavaScript, Typescript, XML

Technologies/Frameworks: ReactJS, Bootstrap, NodeJS, ExpressJS, NextJS, Socket.io, Redux

Database: SQL, MongoDB, PostgreSQL

Developer Tools: VS Code, Git, Git Hub, Streamlit, Docker, Jupyter, Pycharm

PROJECTS

ScoreCrafters 🔗 | ReactJS, React Bootstrap, MongoDB, ExpressJS, NodeJS

Dec 2023

- Built a **secure Result Management System** for **100+ students** with separate logins, boosting performance by **20%** and improving communication with **50+ parents**.

CodeSync 🔗 | ReactJS, Node.js, Express.js, Socket.io

Feb 2024

- A **full-stack real-time code editor**, support real-time collaboration for **10+ developers**, designed to enhance productivity and accelerate project timelines.

CropGenie 🔗 | Streamlit, scikit-learn, Pandas, NumPy, Streamlit Cloud

May 2024

- Engineered a **machine learning-based Crop Recommendation System**, analyzing 20+ parameters to boost yield and profitability by **15%**.

INTERNSHIP

AWS Academy AI-ML Virtual Internship (AICTE Approved) 🔗

Jan 2024 – March 2024

AI-ML Intern

Remote

- Handled machine learning services in AWS for business problems, including model labeling, building, training, and deployment.

Sumago Infotech MERN stack Internship 🔗

Dec 2023 – Jan 2024

MERN Stack Developer Intern

Remote

- Developed a MERN stack Result Management System with efficient tracking, data management, and real-time updates. GitHub : 🔗

EXTRACURRICULAR

- **German Language (A1, A2 levels) (Student):** Completed A1 and A2 levels, achieving proficiency in basic German. 🔗
- **Sunhacks Hackathon (Participant):** Developed a ChatBot (LLM), contributing to enhanced customer service and operational efficiency.
- **Curious Mind Award at Sumago Infotech (Internship):** Worked on a MERN stack project and received the Curious Mind Award.
- **IEEE CS Student Chapter (Member):** Participated in tech events, including sessions and competitions.
- **Leetcode 100 Days Batch 2024:** Completed 200+ challenges, enhancing problem-solving skills in C++.

CERTIFICATIONS

- Complete WebDev Bootcamp(Udemy)
- ML Basics to advanced(Udemy)
- AWS Academy Cloud Foundations
- Python for Data Science - NPTEL
- SQL - HackerRank
- Javascript - Infosys
- Typescript - Infosys
